

Taylor Report

January 2023

N1831 State Highway 13, Medford, WI 54451 • 715-678-2411 • www.taylorselectric.org

TAYLOR ELECTRIC COOPERATIVE INCENTIVES	
Effective January 1, 2023	
<i>Rebates and Rebate Criteria are subject to change without notice</i>	
	2023 Incentive
ENERGY STAR APPLIANCES--MUST BE ENERGY STAR	
Clothes Washer	\$25 per unit
Clothes Dryer	\$25 per unit
Refrigerator >= 10 cubic feet	\$25 per unit
Inductive Range-all inductive ranges qualify	\$25 per unit
Freezer-freezer must be ≥ 10 cubic feet to qualify	\$25 per unit
Dishwasher	\$25 per unit
Dehumidifier	\$25 per unit
Recycling--Refrig/Freezer/Room A/C (Signed certification req'd--must be working)	\$25 per unit
CONSERVATION	
Electric vehicle charging station (Load Management control required)	\$400 per unit
Electric vehicle Smart Charger with Integrated Meter (Load Mgt control required)	\$800 per unit
AUDITS & ASSESSMENTS	
Compressed Air Audit	capped at cost - \$500 max
Audit Recommended Improvements	capped at cost - \$500 max
Touchstone Energy New Home Program -must meet 1 of 5 requirements	\$500 each
<i>(criteria for multi-family dwellings include one incentive per habitable structure(not warehouse, not per apartment), structure must be on cooperative lines and person requesting incentive must be owner and a member)</i>	
ELECTRIC WATER HEATER***	
Commercial and Residential--75-99 gallon (Energy Factor .88+, Residential)	\$150 per unit
Commercial and Residential--100 gallon+ (Energy Factor .88+, Residential)	\$300 per unit
Solar storage, w/electric auxillary tank-75-99 gallon	\$150 per unit
Solar storage, w/electric auxillary tank-100+ gallon	\$300 per unit
Heat pump water heater (Integrated (all-in-one) units, Energy Factor 2.0 or greater)	\$300 per unit
LIGHTING	
LED bulb (residential & non-residential)-capped at cost	\$.50 per bulb- 5 bulb minimum
LED fixture - non-residential only -capped at cost	\$.50 per fixture per 800 lumens
LED Exit signs-capped at cost	\$5 per sign
Occupancy Sensor-doesn't include motion detector fixtures	\$5 each
HVAC****	
Heat Pump - Air-Source & MiniSplit (14+ SEER, 8.2+ HSPF, or EER 11+)	\$300 per ton
Heat Pump - Commercial Air Source & PTHPs (Less than 20 ton: EER 11+)	\$300 per ton
20 to less than 60 ton: EER 10.5+ , Greater than or equal to 60 ton: EER 10+	
Heat Pump - Geothermal	\$500 per ton
New Furnace w/ECM Blower Motor- Variable speed motor (not multi-speed)	\$35 per unit
'OR' Eae <=670 kwh/year	
Dual Fuel (8 KW min. - new installations)	TEC only - \$100 bill credit
ETS units	TEC only - \$30 per KW
Electric hydronic or slab	TEC only - \$20 per KW
AGRICULTURAL & C&I	
Commercial Vending Machine Controls	\$25 each
Dairy Plate Cooler/Well Water Pre-cooler	\$500 per unit
Dairy Refrig Heat Recovery w/electric backup-used with controlled water heater	\$300 per unit
Low/zero Energy Livestock Waterer (500 watts or less, insulated tank)	\$50 per unit
Scroll Refrigeration Compressor (\$1,000 cap per compressor)	\$30 per HP
Variable Frequency Drive (\$1,000 cap per drive)	\$30 per HP
Electric Forklift Battery Charger-must be controlled as defined by cooperative	\$200/each
Ag Fan - Exhaust, less than 36" must be >= 18 cfm/Watt @ 0.05" SP	\$1 per inch diameter
Ag Fan - Exhaust, greater than 36" must be >= 21 cfm/Watt @ 0.05" SP	\$1 per inch diameter
Ag Fan - Circulation, less than 36" must be >= 18 lbs. force/kW	\$1 per inch diameter
Ag Fan - Circulation, greater than 36" must be >= 21 lbs force/kW	\$1 per inch diameter
****Water heater rebates require installation of Co-op's Load Management (LM) control.	
****A/C and Heat pumps require LM only when separately metered for off-peak rates.	
****Dual Fuel, ETS, & Hydronic or slab systems require LM control to qualify for incentive.	
<i>(timeclock control when under the time of day rate is acceptable).</i>	
Maximum rebate = \$20,000 per member account per year.	
Most rebates must be applied for within 3 months of purchase.	
Plus, call - FOCUS ON ENERGY 800-762-7077	

Policy change for member-owned yard lights

In the past, our crews and trucks have been available to repair member-owned lights as a fee-based service. We are discontinuing this service for a few reasons. First and foremost, this work is regulated and technicians must be licensed electricians to perform. Second, with many lights controlled by switches or behind breakers inside the house, we were unable to make the repairs without an appointment when the member was at home. Lastly, the many variations of lights and equipment required a larger variety of parts than we normally stock. We apologize for any inconvenience to the members that we have helped in the past. Please contact one of the local electricians to assist with light repairs. We will also no longer sell the repair parts for existing lights as we transition to all LED lighting for TEC owned/member rented lights.

Board Report – November 2022

- Approved October disbursements totaling \$424,623. 11 new member applications, and October 2022 construction in the amount of \$153,728.
- Reviewed financial results for October with \$451,116 Operating Margins and \$801,219 Total Margins year to date.
- There were 12 outages in October, with an average YTD outage time per meter of 0.6149 hours.
- Four applications for discounted early retirement of capital credits to estates were approved with total capital credits of \$5,554 to be paid out at the net present value of \$2,101.
- 26 delinquent accounts were processed for collection following the November 20th due date. The total amount owing on these accounts is \$8,591.
- Other topics covered included upcoming rate changes, power cost adjustments, DPC budget and rates, 5 policies, absentee balloting, bylaw changes, and upcoming local and national meetings.

Downed and Dangerous

If you see a downed power line, always assume it is energized and dangerous. Avoid going near it or anything in contact with the power line.

Downed power lines can energize the ground up to **35 ft.** away – so keep your distance.

Never drive over a downed line or through water that is touching the line.

If you see a downed line, notify the local authorities immediately.

Never try to move a downed power line, even if you think the line is deenergized or if you're using a non-conductive item – this will not prevent injury or death!

RATE ADJUSTMENT REMINDER (Billing starting in February 2023)

This is a reminder of the upcoming January rate increase. There will be no change in the energy pricing; only the base fee will be adjusted to reflect changes in the fixed costs of operation of the cooperative.

Single phase base fee will increase to \$44.95/month, Single phase time-of-day to \$46.45/month, Three phase to \$71.85/month, and Three-phase peak alert to \$134.85/month.

INTERESTED IN SERVING ON THE BOARD? CALL TODAY!

Members interested in serving on the board should contact CEO-Kenny Ceaglske or one of the following nominating committee members: Rod Adams, 715-678-2397, Jack Johnson, 715-785-7777, or Kathy Jochimsen, 715-785-8049. Interested candidates will need to fill out a form and be willing to submit a brief questionnaire for publication in the annual report candidate section. Please contact one of the committee members by February 24, 2023 if interested.
